

Steel Foundations

project elements

- Urban Office seating
- custom meeting tables
- custom lounges
- custom desking
- workstations
- custom joinery

project brief

Steel Foundations required a solution to their workspace that was both efficient as well as aesthetically pleasing to staff and guests. The entry foyer, meeting areas and executive offices were designed as feature areas. Custom lighting and screen systems were designed to provide features for the cost-effective open plan areas.

project features

- Custom Veneer Desking
- Custom Timber Boardroom & Meeting Tables
- Spacious Meeting and Staff Breakout areas
- Design & Project Managed Solution
